

For The Farmers Of Fayette County

FARM MACHINERY SCARCE EVEN THOUGH UNRATIONED

COUNTY'S QUOTA FOR NEXT YEAR IS INDICATION

From Now On It Is To Be First Come First Served, Is Hint

Release of all farm equipment, with the exception of corn pickers, from rationing by the War Food Administration (WFA) will not result in increased sales here, nor will it make farm machinery any easier to get, those in close touch with the situation believe.

Right now, however, the rationing lifting will not make so much difference, for there is little to sell until the new machinery for the 1945 quota comes, it was explained.

The new release, it was explained by those in a position to know, simply means that farmers no longer need rationing certificates to buy implements. Whether the retailers will get more implements from manufacturers is conjectural. The lifting of rationing on the machinery is in line with the WFA policy of removing wartime regulations as soon as they are no longer essential, it was explained.

Quotas for 1945, just received here, are cited as an indication of the amount of machinery which probably will be available to farmers for purchase without certificates. The quotas are: tractors, 81; manure spreaders, 31; combines, 39; corn binders, three; mowers, 41; side delivery rakes, 24; hay loaders, 12 and pickup balers, six. There are 22 still rationed corn pickers designated for Fayette County next year.

While the rationing was in effect, farmers were able to purchase as much machinery as

RYE BEING USED AS COVER CROP

Chairman Silcott Points Out Conditions

A timely reminder of one of the conservation practices for which AAA payments are made was issued today by Harry Silcott, chairman, Fayette County AAA committee, who stated that by establishing a winter cover crop by seeding winter rye after a 1944 intertilled crop \$1.50 per acre payment will be earned subject to the limitation of the soil building payment allowance set up for each farm.

Silcott stated that this winter cover will help hold soil and moisture. The chairman stated that payment cannot be approved for this practice unless a good protective cover is obtained.

If the rye is used as a nurse crop for new seedlings of grasses or legumes seeded in the fall of 1944 the farmer may earn an additional payment by applying fertilizer to such new seedling. This payment amounts to \$4.75 per 100 pounds of available phosphate or, for example, 95c per hundred pounds of 20 percent phosphate fertilizer.

Government Plan To Buy All Loan Wheat Sends Prices Soaring with Speculation

CHICAGO, Sept. 30.—(AP)—The government showed its hand to the grain trade this week and the result was soaring prices as speculators scrambled to cover short lines.

Some of the most urgent buying in years followed announcement by the War Food Administration that through the Commodity Credit Corporation it would offer to buy all 1944 loan wheat unredeemed on May 1, 1945.

Directors of the Chicago Board of Trade called a special meeting after the government announcement and decided to permit continued trading in wheat futures despite the uncertainties involved.

Wheat advanced five cents, the permissible limit for one day, at the opening Monday. Other grains soared also and at the close all contracts except December corn were up to the limit.

The agriculture department said it had expected markets to advance after the announcement and explained the government was

only following congressional instructions to take all lawful means to assure parity prices to growers.

The WFA announcement came as a distinct surprise to the trade. After Monday's flurry more sober analysis of the program tended to curb some of the bullish enthusiasm and wheat prices dropped, only to recover because traders see no advantage in maintaining short positions in the market.

Some brokers said that farmers who do not have wheat pledged under a federal crop loan would be better off to sell the grain at current premiums over the De-

cember price than to impound it. At best, they asserted, producers who pledge their grain cannot receive more than the ceiling price of \$1.71 for No. 1 hard or red winter at Chicago less carrying charges, and it would be more profitable to sell than to carry it.

Wheat closed yesterday 3 1-2 to 5 7-8 higher than last Saturday's finish, December \$1.61 7-8. Corn was up 2 1-4 to 3 3-8, December \$1.13 5-8. Oats were up 2 1-4 to 3 3-8, December \$1.05 1-4. Rye was 1 3-4 to 2 1-4 higher, December \$1.01 1-2.

DO YOU LIKE THIS COLUMN?

Writing this column is a hobby. While I enjoy writing it very much, it is sometimes hard to find time to do it. I have decided to quit it several times but I haven't. Should I continue writing it? I have come to the place now where I would like to know what our readers think of it. Won't you write me? I will welcome any suggestions you may have, too. I have had many through the years, that have helped me in making it of more value to you.

I wish you would write to the editor of the Record-Herald and tell him what you think of it. That will be of help to him, and to the publishers.

Don't write a post card. Write a letter. I have never liked post cards, since a girl sent me one with some very intimate information on it. She meant all right. She was just in a hurry and she was a nice girl.

(Pardon the digression, please.) Write me a letter and write the editor or publisher of your paper a letter and tell us what you think of this column; do you want it continued?

BEES

What you do in August and early in September in managing

your bees, largely determines what honey crop you will have the next year, according to Cecil F. Siders, 3121 Elm Avenue, Silverton, Ohio, who has 32 hives on his farm in southern Ohio.

"Be sure you have a good queen in the fall. If she is weak, she will miss some of the queen cells, the large cells about the size of a peanut, in which the young are brooded. If these cells are uniform in size, and some of them have no larvae in them, you know that the queen is weak and she should be replaced," Mr. Siders pointed out. "Another way you can often detect a weak hive, is by the small amount of bees, just a weak colony. The thing to do is to unite two of these weak colonies by taking off the supers, putting a layer of newspaper over the hive, and then setting the other hive on top of this. When the bees in the upper hive eat through the paper, the swarms will unite and work harmoniously," he continued.

When I asked the principle back of this, he said that it was not definitely known, but that it was thought that all bees have a different odor, and that when you unite two hives, they must get

SUPPORT PRICE CUT ON HOGS TO REACT SLOWLY

Grass Cattle Receipts Are Heavy and Market Strong On Choice Fed Steers

By DEAN McCUMBER

CHICAGO, Sept. 30.—(AP)—With practically all new hogs commanding the outside ceiling price of \$14.75 and nearly all other offerings carrying weight above 240 pounds and in healthy condition bringing the lower ceiling figure of \$14, there is little need for sorting and most loads sell as they arrive.

The predominance of good to choice barrows and gilts averaging 190 to 230 pounds has kept average weight down and driven cost up to the season's high.

Cutting of the support price for hogs from \$13.75 to \$12.50, effective October 1, to be held at that level until June 30, 1945, will have no immediate effect upon price

THE WAR TODAY

By DEWITT MACKENZIE
By HOWARD W. BLAKESLEE
(Substituting for DeWitt MacKenzie)
Hitler's V-3, as described from France, is just another rocket, and the only new thing about it is its huge size and its substitution of alcohol for gasoline fuel, and even the latter is not altogether new.

Sixty feet long, five feet in diameter is the description, divided by three, it sounds like the meteorological rocket which Dr. Robert Goddard was firing in New Mexico years before 1939. His was a long cylindrical tube, an air torpedo in looks.

German rocket experimenters before the war were using various fuels, including power, liquid oxygen and gasoline.

The V-3 is said to use liquid air, which is probably not an important change, as the purpose of either liquid air or of liquid oxygen is to get enough oxygen to drive the explosive jet burning to keep the projectile.

Substitution of alcohol for gasoline could be a confession of acute oil shortage. Alcohol certainly would make a fine rocket fuel, but gasoline contains more heat energy, volume for volume and weight for weight.

The engine which drove the buzz-bombs to London evidently has been abandoned for the V-3. The buzz-bomb draws its oxygen from the air outside. That would not be possible for V-3 as described. The buzz-bomb flies low. V-3 is said to start almost straight up, like a long-range artillery shell.

The expected altitude of a V-3 trajectory would carry it to a point where it would not efficiently suck oxygen from the air. Hence it seems to be designed as a true rocket, which carries its oxygen in its fuel.

The French reports give no idea of the amount of explosive in V-3. Take-off weight is 14 tons. Much of this may be fuel, but how much would depend on the range.

The only information about the weapon's power is that it has "an explosive radius of three kilometers," or almost two miles.

But the words explosive radius do not necessarily mean very wide destructive power. The absorbing power of air is tremendous. At a distance of this type would travel much faster than any airplane, although maybe the unknown but highly touted speeds of German rocket planes might be a help in keeping track of one.

If the V-3 is a short range weapon, 50 miles or less, the radio control is easy to understand. If it is long range, the efficiency of radio control is not so easy. A huge rocket of this type would travel much faster than any airplane, although maybe the unknown but highly touted speeds of German rocket planes might be a help in keeping track of one.

THREE ARRESTS MADE DURING FRIDAY NIGHT

Three arrests were made by the police over Friday night, two of them being for intoxication.

Juanita Hoffman was to appear Saturday on disorderly conduct charges filed by Neva Massie, as result of trouble at the Massie home on John Street.

OPEN ON THURSDAYS

George E. Stiles, manager of the Alber super-market, said Saturday that effective next week and continuing throughout the fall and winter, the store will remain open each Thursday afternoon.

FARM MACHINERY SCARCE EVEN THOUGH UNRATEDIONED IN FAYETTE COUNTY NOW

(Continued from Page Two)

they needed although perhaps not all they wanted, it was said.

From now on, however, it will be first come first served as far as actual purchasing is concerned. There is a possibility that more machinery than the quotas set may be available since the quotas were determined before the announcement that rationing would cease. A slight increase in some items was noted last year, it is reported.

"Camel's hair," used in making brushes, comes from a species of squirrel.

MUSTERING OUT PAY QUESTIONS GIVEN ANSWERS

Three Different Kinds of Cash Benefits Provided for Service Personnel

By JAMES MARLOW
WASHINGTON, Sept. 30.—(AP)—Who gets mustering out pay? How much? Who doesn't get it? Who else can claim it?

Here are questions and answers on this gift from Uncle Sam to veterans of this war:

Q. Who gets it?
A. Generally it goes to anyone honorably discharged from active service on or after Dec. 7, 1941, including the male and female personnel of army, navy, marines and coast guard.

Q. What is amount of mustering out pay?

A. There are three different kinds of pay:

Three hundred dollars—to anyone who has had 60 days or more of active service and has served outside the continental United States or in Alaska. It is given in three equal payments: \$100 at time of discharge, \$100 one month later, and \$100 one month after that.

Two hundred dollars—for a person who has been in active service 60 days or more but has spent all of it within the continental United States. It is given in two equal payments: \$100 at time of discharge and \$100 one month later.

One hundred dollars—for a person who has had less than 60 days' active service. The full payment is made at time of discharge.

Q. Do all persons who have been honorably discharged from the military service since Dec. 7, 1941 receive mustering out pay?

A. No. Here are some of the main exceptions:

1. Anyone above the rank of captain in the army or marines or above the rank of lieutenant, senior grade, in the navy gets no mustering out pay.

2. No mustering out pay goes to anyone who is discharged from active service on his own request to accept employment if he has not served outside the continental limits of the United States or in Alaska. But—anyone who has served overseas will get mustering out pay even though he is discharged at his own request.

3. Women—except those honorably discharged for disability—who were in the WAAC but did not remain to serve in the WAC are not entitled to mustering out pay.

Q. Between Dec. 7, 1941 and Feb. 4, 1944, when mustering out pay became law, 1,300,000 persons were discharged from the military services. Are they entitled to mustering out pay?

A. Yes, if they met the conditions which entitle any veteran of this war to the payment.

Q. Suppose a veteran was dis-

Scott's Scrap Book

charged after Dec. 7 and, after leaving the service, died before receiving any portion or the full amount of mustering out pay. Would that veteran's survivors be able to claim mustering out pay?

A. Yes, if the veteran was entitled to it under conditions above.

HOG SUPPORT PRICE CUT TO REACT SLOWLY; CATTLE MARKET GAINS STRENGTH

(Continued From Page Two)

schedules next week.

Major packers have been able to round up larger numbers at outside concentration points in order to supplement their meager purchases in the open market. Of the 58,000 total receipts through Thursday, 20,000 were billed direct to the packers.

The corn-hog ratio for the week ended September 23 was 12.5, compared with 12.4 for last week and 14.0 for the comparable period last year.

A slight pickup in hog receipts failed to budge prices from the ceilings of \$14.75 for weights to 240 pounds and \$14.00 for heavier grades and sows.

Receipts of western grass cattle, mainly stockers and she stock,

were the largest of the season. Good and choice fed steers and yearlings were strong with medium grades mostly 25 cents down. The \$18.35 top was paid for 16 loads of 1,143 to 1,346 pound steers. All grades of heifers were mostly 50 cents lower and cows and bulls were off 50 cents. Vealers and slaughter calves were steady at \$16.00 down and \$12.50 down respectively.

Salable sheep supplies were nearly twice as large as last week. Choice native spring lambs ranged from \$14.25 to \$14.40, the top, with bucks discounted one dollar. Lambs were weak to 25 cents lower while older slaughter classes held firm. Feeding lambs were scarce, about steady. Numerous loads mixed medium to choice, mostly good grade, 82-93 pound Washington and Montana spring lambs sold from \$14.00 to \$14.40, mainly \$14.25 and \$14.35. Practical top of native ewes was \$5.25.

On the Farm

By Thomas E. Berry

(Continued From Page Two)

used to the odor of each other.

It is the opinion of Mr. Siders that there will be a good honey crop gathered in the late fall, most of which may be dark, but very good for winter feeding the bees. He advises adding supers under those now on the hive, so that this honey will be largely in one super, or taking off all of the supers, and so keeping it separate from the rest.

I was glad to learn of the interest in bees that Mr. Siders has, for he has an interesting and profitable diversion, and then the bees greatly increase the yield of clover seed. Did you know that they may increase the yield as much as 15 times?

There is a preponderance of evidence to show that honey bees are of great value in pollinating our legumes and especially the clovers, and that they should be on every farm. I recently learned of a very successful corn belt farmer, who borrows several hives of bees, in the early summer, and takes them to his clover field, so he will have an increase in the yield and he surely has.

GENERAL SYSTEM OF FARMING

As I was leaving Mr. Siders, he told me that he had a general system of farming, with Holstein cattle, hogs, sheep, corn and tobacco bringing in most of the income. Bees are classed as a minor enterprise, but they are usually profitable. He has his eggs in several

You'll ENJOY EATING At
Osaly's

baskets, so he has a safe business, over a period of years.

He especially likes Holstein cattle, and at the time of my visit had a very good herd sire for sale, and he will go out in a hurry, for that kind is never hard to sell.

1000 POUNDS OF FERTILIZER TO THE ACRE OF CORN

That's a lot of fertilizer to use on a corn crop, but it was used on a few acres, just as a fertilizer advertisement, to see what would be the effect of it, by L. L. Mason, of Seaman, when he was actively engaged in farming.

The land was very poor, but the yield after the application of this fertilizer shot up to about 65 bushels per acre, the wheat crop made 33 bushels, which was far above the average in the community that year and the grass crop was far superior to what had been produced on the field.

FERTILIZING BOTTOM LAND

About 600 pounds per acre of acid phosphate was applied to bottom land that flooded almost every year, on the recommendation of the Ohio Experiment Station. "We couldn't see a bit of difference in the stalk, but when we began shucking the corn, we could see it," Mr. Mason pointed out. "It was much better than the unfertilized part of the field."

Did you know that most bottom land that floods has an unbalanced plant food content. It needs and responds well and profitably, too, to heavy applications of fertilizer high in phosphorus. This land sometimes needs potash, too, soil

P. J. Burke
Monument Co.

men tell me. It is about as profitable to fertilize bottom land on most farms as it is upland. I have often noticed that on the home farm, and on my own farm. It is a mistake to turn off the fertilizer on the bottom land. Let it run. It will often give the corn a quicker start, and then it will increase the yield.

A SOUTH PACIFIC VICTORY GARDEN

I was pleased to learn that this column has many "fans" in the South Pacific. "They not only read it, but at least one sailor puts it into practice," one of his shipmates recently told me. "We were docked near a beautiful South Pacific island for several months and the ship's cobbler put out a garden, one day while on shore leave; and then later he spent many hours working in it," this sailor points out. "He had some very good radishes and lettuce but we pulled out before he got a chance to harvest much of his crop," the sailor continued.

Continued success to you, South Pacific readers, we are pleased to

note that you are doing such good work. We hope you will soon get your job done, so you can all come home.

GREETINGS TO EUROPEAN READERS

We are so glad that you boys in Europe, and especially you folks who are in the prison camps, like our column that comes to you through the papers. You'll soon have your job done. You are surely going in high gear now. Write me and tell me about farming in Europe, for the information of our readers. We will be very glad to get some letters from you.

May God's richest blessings come to you, and to your home folks, and may you soon all be home, is my sincere wish and prayer for all of you.

RATES REJECTED

WILMINGTON — At a special meeting of council the proposed increase in water rates was rejected by unanimous vote. The rates were to be effective after construction of a new surface water system.

LABOR

MANAGEMENT

When it comes to giving . . . we never think of ourselves as "labor" or "management" . . . Republican or Democrat. We're Americans all!

Many of us feel that we are not really sacrificing when we compare the little we can do to what our boys are giving. We have plenty to eat, plenty to wear and fuel to keep us warm.

The only real sacrifice we can make is to give—even more than we feel we can afford.

In this campaign we are not only giving to the boys and girls in the services—we are giving to local causes—to help keep up the home morale. The Boy Scouts, 4-H Clubs and Canteen receive a substantial share in this fund.

An Important Question

Until very recently, peacetime military training was probably as unpopular a proposal as an American could put forward. It has always raised the cry of "militarism." Popular opposition to it, along with faith in our geographical inviolability, made our defenses woefully weak at the start of two world wars, and forced us to go through the costly process of improving a citizen army at a time when every single day counted.

The lessons of this war may cause a part of popular opinion to take a full swing in the opposite direction. Maybe this is natural and inevitable, but it isn't good. Overemphasis on military force is as dangerous as unpreparedness, and needs as careful watching. And overemphasis seems to be the keynote of a recent statement by Sen. Elmer Thomas of Oklahoma on the size of our postwar armed forces.

Sen. Thomas favors a minimum force of 2,000,000 men for as long as 10 years after hostilities end—750,000 each for the Navy and Air Forces, and 500,000 for the Army. His reason is that "we expect Germany and Japan to be disarmed and kept disarmed," which is a reason no one will quarrel with. But we wonder if a long-term police force of 2,000,000 is either necessary or desirable.

Certainly it has its dangers. For one thing, the other great powers could rightfully insist on proportionately large peacetime armies. That would give Russia a force of about 2,700,000, and Britain nearly a half million. A five million-plus police force should hardly be necessary to keep a beaten Axis in line. But it could cause trouble.

Such a force would be a tremendous public expense. And 2,000,000 men in uniform would be a powerful political force. It would be too much to hope that politics and the military could be kept separate, and the effect of such a union on the national defense would not be healthy.

Congress might do better, in considering universal training and other military legislation, to study again the deep wisdom of General Marshall's recommendation for peacetime defense—a recommendation which stated and offered proof that a large standing army "has no place among the institutions of a modern democratic state," and which eloquently urged a small professional army with a large body of trained citizen reserves.

Press Freedom Restored

The tumult and the shouting over the censorship article of the Soldiers' Voting Bill have died down with its sensible revision by the Congress. The Saturday Evening Post and the United States News may once more lie amicably side by side on the shelves of the army library. The Service Club radio may again echo the campaign utterances of any candidate to whom the men in its vicinity wish to listen. And the way is clear for a practical handling of national campaign material for the forces overseas.

This is being done with five series of political speeches, to be broadcast overseas on shortwave frequencies, during which

Flashes of Life

An Old Knocker of a Wedding Belle

WARRENTON, Va., (AP)—A marriage bond recorded in 1808 which recently turned up among old Fauquier county records carries beneath the grudgingly given signature of the prospective groom's father the following comment:

"The bearer of this, Ferdinand Clagett, appears to be resolutely bent on his ruin by an early, rash and inconsiderate marriage. As I find it out of my power to prevent it, I am under the disagreeable necessity of giving you my assent to grant him the sanction of your office to effect his purpose although it is truly grating to my feelings."

Grab Bag

One-Minute Test

1. Who was the only bachelor president of the United States?
2. Was Robert E. Lee ever offered the command of the Union forces by President Lincoln?
3. What was the maiden name of John Alden's wife?

Words of Wisdom

He who would govern others should first be master of himself.—Massinger.

Today's Horoscope

Today's birthday child is studious, intellectual, sincere, and has great confidence in his own abilities. You play and work with the same vigor, and strive to excel in both. You are not confiding, but are the recipient of many confidences. You are kind and considerate in your home, and are dearly loved by everyone. An eventful year lies ahead of you, good and bad fortune being strangely intermingled. Expected and unexpected gains, also losses are portended. Be on your guard against misrepresentation and deception. Born today a child will possess a good, kind, loving disposition, but be in danger of severe financial reverses through imposition, law and unwise speculation.

Hints on Etiquette

If you have young daughters, teach them not to giggle, laugh or push each other, when passing young men on the street. It is a very annoying habit and extremely bad taste.

Sunday Horoscope

The October birthstone is the opal, the flower the calendula, colors white and yellow. If you have a birthday today you can adapt yourself to circumstances and environment, but enjoy luxury and ease. You are sociable, magnetic, a loyal friend and possess a happy disposition. You are idealistic, sensitive, like music and art, and derive much pleasure from both. Do not marry in haste. Varied fortunes are in store for you in your next year. Elderly relatives or friends cause distress, and health may be impaired. Later, unexpected gains and happiness are indicated. Born today a child may suffer through deception and even fraud through over-trustfulness. Nervous ailments are also threatened. Elders will both help and hinder.

One-Minute Test Answers

1. James Buchanan.
2. Yes, but Lee refused.
3. Priscilla Mullins.

all of the five parties having candidates in several states will share equally in the time allotted. The Republican, Democratic, Socialist, Prohibition and Socialist-Labor parties will each be able in turn to lay its case before the men on the fighting fronts.

Here is a practical working example of the democratic principles for which those men are fighting against dictatorship and threatened race slavery.

Precocity

Another genius has appeared. Or perhaps it is better to say another precocious youngster. The University of Cincinnati, an Ohio institution, has a 13-year-old student said to be the youngest freshman enrolled in the 125 years of that college's history. His name is Darwin T. Turner. He began his studies in the nursery at the age of two, reached the first grade at 4, and at 7 had finished the sixth grade.

His career will naturally be watched with interest. But people should not expect too much of prodigies. Usually they seem to peter out and are no more successful in life than ordinary people.

LAFF-A-DAY

"Mr. Ericson lent us his pill box!"

Diet and Health

Vitamin Deficiency

By LOGAN CLENDENING, M.D.

I HAVE always thought there was much exaggeration in the reports about the extent of vitamin deficiency in the United States and Canada. I have also felt there was a screw loose somewhere in

Dr. Clendening will answer questions of general interest only, and then only through his column.

the researches which indicate the need for such large amounts of vitamins daily, as generally specified.

The vitamins were discovered about 1906, named in 1911, but didn't get much play in medicine and hygiene until about 1925. We are now told that the diet of over half the American people is inadequate and that millions show evidence of deficiency diseases.

It just doesn't make sense. The diet of the American people has not changed radically since 1906 except to be enlarged to contain more vitamin-containing foods—green and yellow vegetables and fresh fruits. If so we are better off than the population before 1906. It doesn't seem possible to me that the entire American people did what they did before 1906 and on the whole looked as healthy as they did on a deficiency diet.

Analysis of Vitamin Reports

Let us analyze one of these vitamin reports, as a sample. Remember that the only vitamin deficiency diseases that we know to be proved are: night blindness and eye infection, neuritis, mouth ulceration, scurvy, rickets, pellagra, loss of blood clotting and impotence. Now on that basis observe what the researchers do. Here is a report on the vitamin status of a rural population. It finds that among 600 families supposed to be eating inadequate diets, there are something like 650 persons who show symptoms of deficiency. But what are the symptoms they ascribe to deficiency? Watery eyes, loss of appetite, constipation, undue awareness of heart, leg cramps, fatigue and nervousness. Compare that list to the known symptoms and signs of vitamin deficiency given above. When did lacrimation, anorexia and fatigue get to be infallible signs of vitamin deficiency?

I suggest a board of real clinicians be appointed to check the findings of the vitamin experts.

On that board I would like Dr. L. Emmett Holt, of Baltimore, who recently released a paper in which he said:

1. "The daily intake of thiamine (Vitamin B) could be reduced to one-tenth of recommended daily allowance of the National Research Council and kept at this level for months without any evidence of vitamin deficiency."

2. "The incidence of B deficiencies in the United States appears to be greatly overestimated."

3. "Indiscriminate vitamin medication is not without possibilities of harm and should be condemned."

On that board also I would like to have Dr. Paul Wosika, of Chicago, who recently reported after a number of tests that night blindness, as shown by dark adaptation, was more due to other factors than Vitamin A in the diet.

On that board also I would like to have Dr. Lieutenant Michael Pijoan, U.S.N., who recently reported about Vitamin C:

1. "Aside from its influence on the amino-acid metabolism of premature infants, the prevention and treatment of scurvy is the only role that can be ascribed to Vitamin C."

2. "Relatively small amounts of the vitamin and not necessarily daily are sufficient."

QUESTIONS AND ANSWERS

N. S. F.—You said in an article recently—"With water alone, no swallowing of drugs, you can induce sleep." How do you do that?

Answer: By the wet pack. Arrange the bed by pulling over the mattress a blanket, on top of that a sheet. Then wring a sheet out of water at room temperature and lay it on top of the blanket and sheet. The patient lies on that and the wet sheet is wrapped around him, then the other sheet, then the blanket. The patient will shiver a little at first, then go into a state of delicious, restful sleep.

H. A. D.—A friend recently advised me to drink three or more glasses of water each morning before getting out of bed to relieve constipation. Would this daily practice of consuming such a great amount of Adam's Ale have any harmful effect?

Answer: No harm. The army's requirements are four quarts of water a day when the temperature is 95° F. The water first thing in the morning helps constipation by starting peristalsis all along the digestive tract.

MORE RATION STAMPS TO BE GOOD SUNDAY

Red and Blue Stamps Will Be Valid Indefinitely

WASHINGTON, Sept. 30.—(AP)—Three more red ration stamps, totaling 30 points for meats and fats, and five more blue stamps amounting to 50 points for processed foods will become valid Sunday, October 1.

The Office of Price Administration said:

Blue stamps to be validated are M-5, N-5, P-5, Q-5 and R-5.

Red stamps to be validated are H-5, J-5 and K-5.

All stamps will be good indefinitely. OPA said it is not expected that any more red stamps will be validated until October 29 and blue stamps until November 1.

Third Haven

by WARREN HOWARD

CHAPTER THIRTY-THREE

ANNE GOT UP slowly from her seat amidst Mr. Thatcher's roses. "Since Dan Smith disappeared next day, our settling down isn't a very important thought," she told her host.

"Yes, but he wrote you, didn't he?"

She was going to be indignant, but it was too much, and she began to laugh instead. "Well, I never. The secret police of Russia aren't in the same class with you lady whose name you won't mention. I'll be glad to get back to New York, where nobody knows me or cares what I do or what becomes of me."

"Are you sure you'll like that?"

"Right now I am." She held out her hand. "I want to thank you for letting me see your lovely garden. I'll never forget it."

He held her hand. "Don't go away mad. When I was a kid we used to say that."

"I'm not mad. I'll never forget Talbot. But money is money."

He nodded. "Would you like to take care of my mother until something better turns up? She's very old and feeble but not sick at all. It's more a case of liking someone young and happy around."

"Or of trying to help out a girl who's young and not happy?" She smiled and shook her head. "Thanks, Mr. Thatcher, but I think I'd better go back."

"The road back isn't always easy."

"I don't expect things to be made easy for me. I have to take life as it comes."

He held the wicket gate open for her. His voice was very casual. "Why not marry Russell Smith? Everyone in town knows he's crazy about you and that's why Laura Reynolds tried to get you away."

She looked straight into his eyes. "All that makes me at least a flirt, doesn't it?"

"Oh, no! You can't help how many people love you. It's a price beauty must pay."

"Didn't I read that somewhere in a book?"

He chuckled. "Books are very fine things—sometimes."

And that was all. Before she came to the shell road along which she had pushed Mrs. Reynolds on the last day with her, she turned and waved her hand to the man who stood by the gate. He waved back. Then she walked out of sight behind the tall swamp grass that lined the road. Butterflies danced in the hot golden sunlight. Birds called to each other, but without the wanton cheeriness of spring. It was summer—hot, full summer. The sun burned through her dress and the thought of the cool rose garden made her wonder if she hadn't come away too soon, even if Mr. Thatcher was talking about Dan.

The thought of Dan was upsetting. She didn't know what had happened between Dan and Russell, but she was quite sure something had occurred. She had tried to avoid it by making Russell walk

home with her that night because she saw he had the idea that Dan had done something wrong. She had wanted to tell him she and Dan were married, had gotten married without thinking things over. But she hadn't told him. Something had held her back that night. And then the next time she saw Russell he told her Dan had gone. Gone without a word.

What made it worse was that she could see Russell was terribly hurt by Dan's going. He had come to see her almost every night and she had sat on the porch or strolled about or he had taken her for a drive in his car. Always he talked about Dan, blaming himself for what he'd done to drive him away, but not telling her what he'd done. That made it impossible to tell him her own story. It had bothered her and had been one factor in driving her to write to Miss Jurgens. Not only was she down to her last few dollars, but she was seeing too much of Russell, altogether too much. The fact that, as all Talbot seemed to know, she had received a letter from Dan didn't help any. Dan's epistle had been brief and given no address. Marriage was all bunk, he wrote. She could just forget she'd ever made a mistake and married him. If she wanted to marry Russell, go ahead. It didn't mean anything to him and nobody would know.

She felt hot and tired all at once. Did Dan really expect her to ignore one marriage completely and enter into another? And why should he think she wanted to marry Russell? Was it the gossip Laura had spread or something Russell himself had said?

As if her thoughts had summoned him, he came up behind her in his car so quietly that she didn't realize until he reached out and touched her arm. "Can I give you a lift, lady?" he said gayly, and she jumped. It seemed as if he must have heard her thoughts. She got in beside him and he said softly: "I've been looking everywhere for you."

"I called on Mr. Thatcher. To see his roses. I wanted to see them before—before I went away."

"Away?" He shook his head. "You mustn't talk about going away. If you only knew how it makes me feel, you wouldn't."

She looked straight ahead. "I'm leaving on the train tonight."

He stopped the car and faced her. "Please don't say that."

"It's true. I was going to slip away, but—maybe this is better. For a moment he sat very still. "Where are you going?" he asked finally.

"I can't tell you, Russell. It's better if you don't know."

"When—when are you coming back? It will seem so long."

"I'm never coming back, Russell. This is—goodbye."

He gulped. "Have I done something to make you hate me? You wouldn't go away if you didn't. You couldn't go."

She touched his arm. "I have to earn my living. I have no job here. He caught her hands anxiously.

"You have a job here. I need you. I want you to be my wife. I know you don't love me as I love you. I couldn't ask that. All I ask is that you trust me. I won't fail you. I'll live to make you happy. You'll learn to love me."

"Please, Russell . . ."

"Say yes to me. It means everything to me. I'll make you happy."

She tried to draw away, but his lips were almost touching hers. They were on Morris street, but it was deserted. Everyone who was free was, on the Strand watching the sailing races. She felt herself yielding to the tenderness in his eyes, yielding enough, at least, to give her mouth to his kisses and let him hold her tight and for a weak moment give up planning, trying to think. But her mind resisted.

"Laura! What about Laura?"

"I don't love her as I love you. I never did. We went on being engaged from a kind of habit. It never meant anything but that we were close friends."

"It meant more to her. She loves you."

He kissed her quickly. "Don't talk of her. It's you I love. We can be happy."

Suddenly she pushed him away. "We can't! We never can! I can't marry you."

The action was so sudden it took him by complete surprise. While he gaped at her, she went on a little wildly:

"I don't love you. I don't love anybody. I never will. And I'm not staying here on any account. I'm leaving tonight."

"Darling!"

She sat up very straight, her hands clasped so tightly the knuckles showed white. "Please drive me to the Inn. I've got to pack. My job in New York is waiting."

"I won't let you go!" His voice was husky.

"You can't stop me. If you must know, I'm—I'm married. I have a husband. Now will you take me to the Inn?"

He stared at her blankly. "You—it—it can't be true. Say it isn't. Say—"

Even as she pushed against his embracing arms, she saw Laura dash wildly out of her house and come running along the street. She was a distracted figure. She saw them in the car and came running, shouting at every step:

"Anne! Anne! Anne!"

Before Anne could reply, before Russell could take his arms away, Laura was by the car, gasping. She caught at Anne hysterically as a child catches at a mother's skirts.

"Anne! Mother's dying! Help . . . no doctor . . . quick! Stroke!"

For one moment Anne hesitated, then she was out of the car and running as hard as she could. Laura ran after her, but Anne was inside the house before Laura reached the steps. Laura shouted, "Get Dr. Banning," and shot inside. Russell understood at last and the car leaped forward on its way to Weston.

(To Be Continued)

PACIFIC DIARY: Talent Among GI's

By LARRY ADLER

Internationally Known Harmonica Artist

SOMEWHERE IN THE SOUTH-WEST PACIFIC—We are at another New Guinea base, having left Finschhafen behind. We were there for seven days, and never played to an audience that was not sitting in a downpour of rain.

On our way to the base this morning we heard a strange noise behind us. Looking back we were astonished and—

Larry Adler frankly—scared to behold a huge four-motored bomber looming right on top of us.

It wasn't in the air, it was just taxiing down the road hoping eventually to reach the airstrip. We had to pull away over to the left to let it pass. "Roadhog," hissed Jack Benny as the modern dinosaur lumbered past us.

Jack and I were up early, packed and ready to leave. We go into the jeep that was to take us to the plane when suddenly I remembered something.

"Hold it just a second, Chuck," I said to Sgt. Charles Spears, our driver. I ran back to our little grass hut and returned with the missing object. My harmonica, that was all. Aren't I the one!

I cannot get over the superb quality of the musical outfits we've come across. They all have the coordination that instantly spells out fine music. And last night, after our own show, we heard a Negro outfit, the Quartermaster Caravan, made up mostly of Chicago musicians, give us some of the righteously blues.

They also put on a floor show for us that would make the average night club show back home look rather pallid. Two singing groups, one a quartet that sang Mills Brothers style and the other a quartet like the Golden Gate group who sang dramatic spirituals.

They put on a hilarious satire of a revival meeting that had Jack Benny, always a great audience, right on the floor.

In the audience last night was young Horrie Dargie, harmonica champion of Australia. I introduced him and he came onstage but confessed that he hadn't brought his harmonica.

I loaned him mine and accompanied him at the piano while he played "Stardust" in such a manner as to draw murderous looks from me. Naturally, I wanted him to be good but he didn't have to be THAT good! The crowd, Americans and Aussies, gave Horrie an ovation.

Jack Benny, who rushes into places where angels would need a special requisition made out in triplicate, followed with his violin.

We played our concerto, whereby, while I maneuver the melody, Jack saws solemnly at one note all the time. However, we do get to play "You'll Never Know." ("You ain't kiddin'," somebody always shouts, when we announce this one.)

This base is a paradise compared to the mud and muck of Finschhafen. It is high above the sea with cool breezes and wonderful views. And it isn't raining.

Talk Morale Problem

Col. George T. Derby, a West Pointer, class of '25, and a native of New Orleans, was my bunk mate last night. We got to talking about the morale problem among the Service of Supply men.

I wish I were a real writer so I could graphically portray the amazing job these men do. The problem, however, as I see it, is to convince the men themselves of their importance.

I would like to see Col. Frank Capra make a short film about these men to be shown back to them. Let them see that their work is appreciated and understood.

It would be good, too, I think, if men of the high command were to come around occasionally and watch these men at work, perhaps tell them to their faces that they are a vital part of the war.

Recent Bride Is Feted Near Here At Gay Shower

Miss Mary Butler entertained with a miscellaneous shower at her home near Chillicothe, honoring Mrs. Waldo Purdon, a recent bride, and a number of invited guests greatly enjoyed the hospitality so cordially extended by the hostess.

Various games were the entertainment provided by the hostess and prizes in bingo were awarded to Mrs. Pauline Patrick, and Miss Ruth Maugher. Light refreshments were then dispensed by the hostess, after which the guest of honor received a lovely assortment of gifts. Her response was most gracious.

Those present were Mrs. Olive Purdon, Miss Ileana Purdon, Mrs. Herbert Dennewitz, Mrs. Martha Brown, Mrs. Clara Garrison, Mrs. Frank Bowdle, Mrs. Mary E. Butler, Mrs. Edward Kelly, Mrs. Clinton Cottrill, Mrs. Clara Seitz, Mrs. Darrel Templin, Mrs. Corwin Peters, Mrs. Hattie Garrison, Mrs. Russell Garrison, Mrs. James Gray, Mrs. Walter Vollmar, Mrs. Oscar Roush, Mrs. Clark Maugher, Mrs. Gerald Patrick, Mrs. C. W. Butler, Mrs. Howard Morrison, Mrs. Anthony Huntington, Mrs. Hoyt Butler, Mrs. John Zickafos, Miss Rozetta Zickafos, Mrs. Warren Hurr, Miss Kathleen Zickafos, Mrs. Harold Dennewitz, and Mrs. Margaret Hamm.

Junior Christian Endeavor Has Supper Meeting At Church, Friday Eve

Members of the Junior Christian Endeavor of the North Street Church of Christ assembled at the church, Friday evening, to enjoy a supper and business meeting. The affair had been planned as a winter roast, but due to inclement weather and other conditions, the church was the scene of the affair.

Following the enjoyable supper hour, Miss Betty Irons gave devotionals after which group singing was conducted. Mrs. Harry Jenkins, leader of the group, then addressed the members.

At the next meeting, new officers will be elected, after which the Endeavor plans a membership drive.

Marriage Announced

Mrs. Leora Jarrett, of this city, became the bride of W. H. Wilson of Celina, Friday, September twenty-second, it is being announced today by Mrs. Wilson, who has returned here for a short time.

The newly-weds plan to make their home in Celina, where the marriage ceremony was performed.

The new Mrs. Wilson has been employed at Patterson Field for the past two years, while Mr. Wilson is affiliated with the N.K.P. railway.

The are receiving the best wishes of friends here, and in Celina.

Mary Wood Will Be Speaker on Church Day Here

Mrs. Mable Blessing announced today the Church Day activities of Grace Methodist Church will begin at eleven o'clock, Wednesday morning, October fourth, and at twelve-fifteen o'clock, circle eight, headed by Mrs. Harold Craig, will serve a covered dish luncheon.

The afternoon speaker on the program, which will begin at one-thirty o'clock, will feature an address by Miss Mary Elizabeth Wood, of the faculty of Washington High School, who will have as her topic, "What the Methodist Church is Doing in Mexico." Miss Wood, recently returned from a lengthy summer's stay in Mexico, will bring first-hand the knowledge which will be of interest to all. Also to appear on the program as soloist will be Miss Mary Elizabeth Browning, who also visited this summer in Mexico. She will present a program of Mexican music and Miss Wood will have on display a number of curios and souvenirs collected during her stay in that country.

Mrs. Blessing is extending the invitation to anyone interested to attend the meeting, which is expected to be one of the highlights of the year.

James Robert Secrets Honored at Party

Mr. and Mrs. Delbert Secrets honored their son, James Robert, on his twenty-first birthday with a small and informal gathering at their home.

An evening of games and contests was highlighted by the serving of tempting refreshments.

Those present were Mary Lue and Dora Secrets, Mrs. Nelson Secrets, Mr. and Mrs. Richard Whaley, Robert Baker, Frances Oglesbee, Mrs. Laurence Giebelhaus, Mr. Clifford Blackburn and Mrs. Ika Taylor and children of Columbus.

Jarrett-Butcher Vows Exchanged Wednesday

Marjory E. Jarrett, daughter of Mrs. W. H. Wilson of this city, was united in marriage to Charles E. Butcher, U. S. Army, the son of Mr. and Mrs. John Butcher of near Greenfield, Wednesday evening, September twenty-seventh. Rev. Arthur George performed the single ring ceremony at his home on Gregg Street, as the hands of the clock approached five o'clock.

For her marriage, the blonde bride chose a street-length frock of robin-egg blue crepe, with which she wore a black velvet Dutch hat and black accessories. Her flowers were a corsage of pink roses.

The new Mrs. Butcher is making her home here with her mother, and the bridegroom will return to Camp Butler, N. C., after spending a 15 day furlough.

Personals

Mrs. S. B. Soren has had as a houseguest her sister-in-law, Mrs. Jessie Doneheigh of St. Louis, Mo.

Mrs. Roy Hagler has returned from Columbus where she visited for a short time with Mr. and Mrs. Thomas T. Craig and family.

Mr. and Mrs. Frank McAdams and Mr. J. Parker Todhunter of Springfield are to be Sunday guests of Mr. and Mrs. Herbert Fite.

Mrs. James Lawrence and son, Mike, came from Columbus, Friday, for a weekend visit with Mr. and Mrs. Carey McConaughy.

Mrs. Dwight Beatty and Mrs. Gene Travis plan to spend the weekend in Williamsport with relatives.

Miss Wilma Jayne Garinger has as her weekend guests, Misses Sarah Bunn and Lois DeWeese of Troy.

Mr. and Mrs. F. E. Haines had as overnight guests, Tech-Sgt. and Mrs. Howard Dill, who are now weekend guests of Mrs. Hays Dill, in Ashville.

Mr. Mark Gorton has returned here from Columbus, where he spent three days attending a Locker Convention, held at the Deshler-Wallick Hotel.

Miss Jean Paul left Friday for Little Rock, Arkansas, accompanied by Mrs. Charles Boardman of Columbus, where they will visit Lt. James Boardman, who is stationed there. They plan to return the first of the week.

Miss Phyllis Chase of Columbus and Cadet Nurse Donna Jean Chase of White Cross Hospital, Columbus, arrived Saturday to spend the weekend at their home, here.

Miss June Montgomery returned Friday to Ohio State University, Columbus, to complete her senior year in the school of home economics. She is completing the full four year course in three calendar years.

Mrs. Jean S. Nisley has been spending a few days this week in Cincinnati with Janet and Tommie Lewis, while their parents, Mr. and Mrs. Ed Lewis are in Chicago, Ill., on business. Mrs. Nisley plans to return here the latter part of the weekend.

Among those called here by the death and funeral of Mrs. David S. Craig, Sr., Friday, were Dr. Austin McElroy, Dean Helen Fretts, Mrs. Vance, Mr. and Mrs. Harry Gorrell, all of Delaware; Mrs. George Hitchcock, Terrace Park, Cincinnati; Mrs. Charles Stevens, Mrs. Will Wood, Cincinnati; Mr. and Mrs. A. F. Maynard, Mr. and Mrs. Harry Smith, Xenia; Thomas T. Craig, Cleveland; David S. Craig, Jr., Washington D. C.

Society To Have Shower

It was announced today the Women's Christian Missionary Society of the North Street Church of Christ, will hold a shower for the children at the Cleveland Christian Children's Home, when they meet in regular session at the home of Mrs. M. K. Evans, Thursday, October fifth.

Members planning to attend are asked to bring supplies for the home, or gifts for both boys and girls.

Lt. Paul Host At Informal Party, Friday

Lt. R. Woodward Paul entertained Friday evening with an informal gathering of classmates at Washington High School, the class of '42, and a number of friends greatly enjoyed the pleasures of the evening, extended by the host, Lt. Paul is here with his parents, Mr. and Mrs. J. Rankin Paul, for ten days, stopping enroute from Liberal, Kansas, to Westover, Mass.

Later in the evening refreshments were served to the guests, who were Mrs. Jack Reno, Miss Virginia White, Cadet Nurse Janice Thompson, Miss Sarah Bunn and Miss Lois DeWeese of Troy, Miss Ann Robinson, Miss Margaret Wade, Mr. Eddie McCoy, Mr. John Wesley King, Miss Betty Coil, Miss Elizabeth Andrews, Miss Betty James and Charles Callender, Em, 2-c, Miss Betty Peterson and Thomas Buchanan, U. S. Army.

WCTU Meeting Held Friday At Church Here

The Washington C. H. W.C.T.U. met in the First Baptist Church, Friday afternoon for the regular meeting in charge of the president, Mrs. John Case, who opened the meeting with prayer. This was followed by a hymn and the business session was then conducted by the president.

Mrs. Tillie Van Gundy, the county president, and Mrs. F. E. Haines, the vice-president, gave highlights of the National W.C.T.U. convention recently held in Columbus. Mrs. John Case, president of the union here, Mrs. Carson Maddux and Miss Cordelia McCafferty, also gave various impressions received at the convention, which they attended. The meeting closed with voluntary prayers by various members, and the society benediction.

Maple Grove WSCS Met At Rowland Home

Twenty members answered the roll call when the Maple Grove WSCS met in regular session at the home of Misses Clara and Minta Rowland. Devotional leader for the afternoon meeting was Mrs. Forrest Moon and the devotionals consisted of prayer and readings.

Mrs. Edna Speakman and Mrs. Lucille Braden were included with the members as guests, when Miss Minta Rowland presented a program of readings.

During the business meeting, final plans were made for the chicken supper to be served at the church, October fifth, as a benefit.

A MOVIE PRODUCER couldn't get Cover Girl Jinx Falkenberg, left, for a role so he's signing her mother, right, instead. The unusual switch was revealed with the announcement that Mrs. Falkenberg, Jinx's mother, will make her acting debut in a "Song of Mexico" travelogue, appearing in both English and Spanish versions. Like Jinx, Mrs. Falkenberg speaks a number of foreign languages perfectly. (International)

Wright's Restaurant

Main at Market

Spencer Tracy and Signe Hasso, who have the leading roles in M-G-M's "The Seventh Cross," the stirring new drama based on Anna Seghers' best-seller novel which opens Sunday at the Fayette Theater. The film's cast includes Hume Cronyn, Jessica Tandy, Agnes Moorehead, Ray Collins and Felix Bressart, among many others.

COMING FEATURES AT THE THEATERS

FAYETTE THEATER shows Saturday, starting at 2 P. M.

The screen's foremost actor, Spencer Tracey, is pictured in "The Seventh Cross," which will be shown at the Fayette Theater, Sunday, Monday and Tuesday. This is the story of a man hunt that tears at the nerves with sheer sustained excitement. Spencer Tracey is superlatively fine in a suspense-laden film which truly is one of his best. His role is comparable to the finest of his performances in the past and lends itself to dynamic, sensational showmanship.

Wednesday and Thursday, the Fayette Theater will show "Under Two Flags."

Friday and Saturday the screen of the Fayette Theater will show "Bernuda Mystery," starring Preston Foster, Ann Rutherford and Charles Butterworth. This is the murder mystery that shocked two continents, provides an abundance of dangerous moments for Preston Foster and Ann Rutherford, who take the leads, and the suspenseful thriller involves a beautiful heiress, a fabulous estate, a money-maniac and a romantic detective. On the stage "The WKRC Cornhuskers Jamboree" with the Sunset Rangers, Woody Woodruff, Fiddling Red, Evalina, Byron Taggart, radio's ace personality, Cowboy Copas, from Republic Pictures, Glen Hughes, sensational guitarist, The Wilson Sisters, radio starlettes, Bernie George and Homer Meachum, clown prince of comedy. Two shows will be given Friday evening and continuous

SAGAR DAIRY

Milledgeville WSCS Meets at Home of Mrs. Lucy Harper

Members of the Milledgeville WSCS met at the home of Mrs. Lucy Harper for the regular monthly meeting which was opened by group singing, followed by the Lord's Prayer.

The hostess was assisted by Mrs. Louise Rankin in entertaining the members.

Twenty-two answered the roll call, and two new members, Mrs. Ruth Patch and Mrs. Ruth Shelby, were present.

The afternoon was devoted to completing the comfort project, and the treasurer announced a total of \$6 in the treasury, from the sale of sales tax stamps to the state.

The hostesses for the next meeting are Mrs. Floy Ferguson and Mrs. Fannie East.

Sorority Meeting Postponed

It was announced today by Phi Beta Psi sorority leaders, the regularly scheduled meeting which would have been held this Monday, October second, has been postponed until Monday, October ninth.

LIEUT. ARTHUR COOK JOINS SONG WRITERS

'Farewell To Love' Is Being Featured at Present

AAF Lt. Arthur Cook, until mid-August officer-in-charge of WAC public relations in the Washington C. H. area, this week officially joined the growing ranks of GI songsmiths with release of his new ballad, "Farewell To Love."

Picked by Tin Pan Alley protagonists as a second "I'll Never Smile Again," the new GI tune is being readied for early use on a number of network commercial programs and recordings are also in the making, it is stated.

Lt. Cook is now public relations officer for WAC recruiting in the Indiana area, with headquarters at Indianapolis.

zing beautiful technicolor. Starring are Lon McCallister, Jeanne Crain, Walter Brennan, Charlotte Greenwood and June Haver.

Wednesday and Thursday "The Lodger" starring Merle Oberon, George Sanders and Laird Cregar will be shown at the Palace Theater. The more mysterious the Ripper became the more murder cases were attributed to him, and this is an accurate picturization of his activities in London.

Lions Beaten, 26-0, at Wilmington Markets and Finance

An orange and black Hurricane swept through the Blue Lions for a 26 to 0 victory at Wilmington Friday night in a game marked by passing and plunging by Addison Copeland, the Hurricane fullback.

The Lions put up a stiff defense that held the Wilmingtonians scoreless in the first quarter and made what everyone agreed was a good game, in spite of one Hurricane touchdown, to the end of the first half. After that, the power and weight of the Wilmington team began to wear down the Lions. During the first half, there was a difference of only 11 yards in the total yardage (in Wilmington's favor) and each team had racked up five first downs.

The Hurricane's first score came midway in the second period when Copeland smashed to the Lions 21-yard line from midfield and then skirted his own right end

in a spectacular dash for the touchdown. Turney kicked the extra point.

After the halftime rest, Wilmington recovered a fumble on the Lions 30-yard line and Copeland heaved a pass to Daniels which was good for a touchdown. Turney missed the kick for extra point.

Burris returned the kickoff to his 35-yard line, but the Lions could not gain and Whitmore punted to the Wilmington 25-yard line. Straight football by the Hurricane brought the ball to

the Lion 41-yard line where Copeland sent another long pass to Turney for a touchdown. An attempted pass for the extra point failed.

Gray took the kickoff for the Lions and carried it back 15 yards to his own 32-yard line. Making his first serious offensive threat for the Lions, Boylan romped clear to the Wilmington 28-yard line in a sensational end-around play that brought WHS fans to their feet howling. The drive, however, was nipped when, after banging through to within 19

yards of pay dirt, the Hurricane blew them backward and they lost the ball on downs on the 26-yard line.

Taking the ball from the deep-end thrust in their territory of the game, Copeland tossed a 22-yard pass to Garland and followed it up with another that put the ball on the Lion 10-yard line. From there Copeland went off his own left tackle for the score. Turney kicked the extra point.

The Lion aerial attack, which had worked fairly effectively against Chillicothe the previous

week, was checked by the Hurricane, but not until after one for 25 yards, from Whitmore to Boylan, on a fake punt. The Lion ground attack was spotty but definitely an improvement over that of their first two games. Outweighed, they were unable to make any sustained drives through the line.

Lineup:
Pos.—Wilmington: J. Boylan, J. T. Sturkey, B. Hughes, C. G. Breuleux, R. S. Word, R. T. Carey, G. Scott, R. E. Daniel, R. Whitmore, J. H. Johnson, D. O'Brien (Capt.), J. H. Turley, J. Mitchell, R. H. P. Breuleux, C. Burris, P. A. Copeland, J. Gray.
Wilmington: 0 0 0 0 0 0
Washington: 0 0 0 0 0 0

Washington gained 187 yards and lost 49 yards, 20 yards of the ground lost was on penalties.

Wilmington gained 309 yards and lost 15 yards, 10 yards of the ground lost was on penalties.

Washington tried 9 passes, completed 3 and 4 were incomplete and 2 were intercepted.

Wilmington tried 7 passes, completed 4 and 3 were incomplete.

First downs, Wilmington 14, Washington 7.

Lions substitutions—C. Brown, W. Chaney, F. Day, D. Graves, C. Wyatt, F. Wyatt, D. Graves.

Greenfield Wins 19 to 0 From London

Smarting under a 26 to 0 defeat at Wilmington Friday night, the Blue Lions could not look ahead with any great hopes of breaking into the win column next week when Greenfield's Tigers come here for the annual Homecoming Game.

The Tigers romped over the London High School team to the tune of 19 to 0. The first touchdown came after Williams recovered a fumble on the London 8-yard line, the second climaxed a 58-yard drive with straight football and the last came when Mercer sprinted 25 yards across the line after intercepting a pass.

Hillsboro, where the Lions go the following week, took West Carrollton's measure by a 13 to 0 score.

The Chillicothe boys, who trounced the Lions last week, 26 to 6, a week ago, took a 34 to 0 whitewash from Zanesville Friday night.

Up at Findlay, where the Lions go later on in the season, the high school team was humbled, 33 to 7, by the boys from Freemont Ross High School.

Jeffersonville Wins Game in Final Inning

After a nip and tuck contest with Good Hope, Jeffersonville turned in a winning run in a final split of play in the last inning of a game at Good Hope Friday afternoon. The score was 4-3.

The teams seemed evenly matched through most of the game. Dawes, Good Hope pitcher, allowed Jeff only three hits for the four runs they turned in.

BIZARRE PARTY DESCRIBED AT JACKIE COOPER'S TRIAL ON DELINQUENCY CHARGE

(Continued from Page One)

at the party resulted in the charges being filed.

The younger of the two girls told juvenile court referee Albert L. Boyle she had "several rounds" of intoxicants before going to one of the hotel rooms.

The 15-year-old girl said the group had paired off. She said she and Bender went to a room not connected with the first room, and, in answer to a direct question, she said she and Bender had sexual intercourse there.

The 16-year-old girl said she opened a connecting door into another room and saw Miss Frederick lying nude on bed.

Comedienne Zasu Pitts, testifying as a character witness for Cooper, said she appeared of her own volition and had known Cooper since he was seven years old. She said "his reputation as to morality is spotless; as to truth and veracity, good."

Remember Them?

In the famous Army-Navy 21-21 tie of 1926, Chuck Born played end for Army, black-haired "Blondy" Saunders was next to him at tackle. Art Meehan was quarterback and Tom Trappnell at left half. . . Now Brig. Gen. Born, sending bombers in his command over Germany, says: "The areas of enemy fighter strength are like defensive players on the gridiron. If we hold one, fool another and saturate a third, it means a figurative touchdown for us." . . . Col. Meehan, who "quarterbacked" the highly important bombing of Jap-held Wake Island, disappeared soon afterward in a mission over New Guinea. . . Lt. Col. Trappnell, whose heroism in defense of Bataan already is a legend, last was reported a prisoner of the Japs. . . Col. Paul Bunker, Army's first All American player back in 1901, was captured when Corregidor fell and died in a Japanese prison camp.

ROOM AND BOARD

By Gene Ahern

MY DEAR BROTHER PINKY—AM I BELIEVE IN KEEPING WEALTH IN THE FAMILY?—AH, KIM—HOW DO YOU LIKE TO GO IN BUSINESS WITH ME?—THIS JAR CONTAINS A MIRACLE MUD FOR BANISHING WRINKLES FROM THE FACE—AND—

THE ONLY MUD I'M INTERESTED IN, PINKY, IS ON A RACETRACK. LAST NIGHT I PUT \$50 ON A MUDDER, AND HE PAID OFF 20 TO 1.

PINKY DECLINES A FORTUNE

Chicago 4, Boston 3				

Lexington Trots Halted by Rain

Followers of the sport of harness racing here today could relax just a little over the weekend but they also could look forward to even more concentrated excitement next week when the Grand Circuit meet is resumed next week.

Rain halted the races Thursday and officials called them off on Friday because of a heavy truck. Barring further interference by the Weatherman, the Thursday program was to be raced Saturday. Two days, Oct. 6 and 7, had been reserved for handling postponements.

Horses trained here and reinsmen who either live in Washington, C. H. or make their headquarters here while their horses are stabled at the Fairground, have been making their presence felt at the famous Lexington Trots, Filly Direct and Projectile, both favorites with Fayette County fans because of their performances at the Fair last July, failed to make the winner's circle but they both gave their corner a run for their money in finishing second. Several other horses from here are at Lexington waiting their turn.

BATTLE OF HOLLAND NEAR CLIMAX AS YANKS BATTER DEEPER IN SIEGFRIED LINE

(Continued from Page One)

River eight miles northwest of Rimini, but similar savage efforts to wrest Monte Battaglia, 11 miles below Imola, from the Fifth Army have fallen, Allied headquarters announced today.

Steadily routing the enemy from commanding heights overlooking the roads into the Po valley, both American and British forces of the Fifth Army reported moderate gains in the central sector of the Italian front.

The Americans captured Giugliola, an important highway town seven and a half miles northeast of Firenze, and patrols forged ahead into Belvedere, 18 miles south-southeast of Bologna.

Enemy efforts to regain Monte Battaglia, which overlooks most of the route down the northern slope of the Apennines to the Bologna-Rimini highway, were launched in heavy strength. One Nazi regiment was beaten off Thursday and another yesterday.

Brazilians Advance

Other Fifth Army troops captured the village of Montefredente, nine miles northwest of Firenze, and nearby Monte Balestra.

From the west coast sector, where the Brazilians and other units have been advancing slowly, came only a report that pressure was maintained on the enemy with aggressive patrolling.

The weather curtailed aerial activity. Allied warplanes flew only 60 sorties, mainly against German communications southwest of Milan.

The U. S. destroyer Hilary P. Jones and the French destroyer

Burghers Win From Millers in Friday Contest

Madison Mills bowed to a strong Bloomingburg team to the tune of 10-1 at a baseball game at Bloomingburg Friday afternoon. The Millers just couldn't connect with the balls Dumford hurled at them.

Bloomingburg batsmen didn't score in the first frame, but then on out it was runs in every inning. The Millers turned in their single round trip in the first half of the fourth.

Team	W	L	Pct	G.B.
Bloomingburg	3	1	1	
Madison Mills	1	3	.250	10

Le Fortune bombarded enemy batteries and troop concentrations near the Franco-Italian border Thursday.

Aerial Attacks

RAF Mosquitoes bombed Karlsruhe last night in what the Air Ministry said was a well concentrated attack, but bad weather restricted operations over the continent again.

A communiqué said all the bombers returned from Karlsruhe. Other RAF planes laid mines in enemy waters.

Nearly 2,500 sorties were flown in poor weather yesterday by the U. S. Ninth Air Force, the Second Tactical Air Force and the Air Defense Force of Britain, most of them in direct support of ground troops.

The Germans again sent aloft a considerable force of fighters, but Allied fighter pilots drove them off.

PRESSURE IS INCREASED ON HUNGARY BY REDS CONGRESSMAN DECLARES

(Continued from Page One)

for trans-shipment of cargoes and refueling of Russian armed vessels was reported tonight in a copyright article in the Post-Intelligencer.

The article by Mel Meadows, a staff reporter, said the revelation that Russian armed vessels were being based at and operated out of "an American port" under Russian command was made to the paper by Rep. Warren G. Magnuson (D. Wash.).

Magnuson, ranking Pacific coast member of the House Naval Affairs Committee, was quoted as saying tonight that he had learned "only recently" of Russian operations in the American port, although they had been conducted secretly for the last 15 months.

"Direct inquiry," the congressman was quoted as saying, "to Secretary of Navy James V. Forrestal confirmed information reaching me that the Soviet base is being operated by the Russian government under terms of the lend-lease agreement."

Port facilities, Magnuson was quoted further, are under lease from an American company and payment is being made by an American agency directly to that firm, although the Russians have full use of the harbor as an operational base under lend-lease terms.

SPEAKER AT BOOSTER NIGHT

Marshall Grange Celebration Friday Night in Jeffersonville

Chalmers Burns, conservation expert here, was the featured speaker at the Marshall Grange Booster Night in Jeffersonville Friday night. He spoke briefly of conservation in the county and showed four movies dealing with his subject and with hunting.

Mrs. Ora Kelley, lecturer of the Grange, was in charge of the program. Rev. W. S. Alexander pronounced the invocation. A special musical number was provided by an ensemble of ten girls from Jeffersonville High School, directed by Mrs. Donald Schwaiger. They sang "Come To The Fair" and "Stardust."

Mrs. Max Morrow was the accompanist for group singing of "The Star Spangled Banner" and "Blessed Be The Tie That Binds." Harry Hiser, Grange Master, made a brief welcoming address.

The welcome committee was Mrs. S. T. Simpson, Mrs. Forest Moore and A. F. Ervin.

More than 90 members and guests were present for the annual celebration. After the program, pumpkin pie, doughnuts and coffee were served to the group.

The next regular meeting of the Grange will be Thursday at the Grange Hall in Jeffersonville. Inspection is scheduled for the meeting.

JAPS EVACUATING MANILA AS YANKS SEIZE ISLANDS; DIFFICULTIES IN CHINA

(Continued from Page One)

came more menacing to major American air bases in China, and observers reported that Chungking was in one of its gloomiest moods with free predictions that the continental campaign had lengthened the war by months. Fighting was reported near Hingan, railway town only 31 miles northeast of Kweilin, key provincial capital of Kwangsi province.

The Chinese also admitted the

Aerial warfare against Japanese shipping continued. Southwest Pacific planes sank or damaged another 17 in the southern Philippines and its approaches. The China-based 14th Air Force added a 15,000-ton whaler in Formosa Strait.

Vaccination was discovered by Edward Jenner, an English physician.

GRAIN MARKET NEWS SUMMARY

CHICAGO, Sept. 30.—AP—Most grain futures were higher in early trading today, extending their gains of the past week. Government price support, a higher cotton market and limited offerings accounted for the advances.

At the opening wheat was 1/2 to 3/4 higher than yesterday's close, December \$1.52. Corn was up 1/4, December \$1.13 1/2. Oats were 1/4 to 1/2 higher, December 62 1/2. Rye was 1/4 lower to 1/2 higher, December \$1.05 1/2. Barley was unchanged, December \$1.01 1/2.

At the opening wheat was 1/2 to 3/4 higher than yesterday's close, December \$1.52. Corn was up 1/4, December \$1.13 1/2. Oats were 1/4 to 1/2 higher, December 62 1/2. Rye was 1/4 lower to 1/2 higher, December \$1.05 1/2. Barley was unchanged, December \$1.01 1/2.

At the opening wheat was 1/2 to 3/4 higher than yesterday's close, December \$1.52. Corn was up 1/4, December \$1.13 1/2. Oats were 1/4 to 1/2 higher, December 62 1/2. Rye was 1/4 lower to 1/2 higher, December \$1.05 1/2. Barley was unchanged, December \$1.01 1/2.

At the opening wheat was 1/2 to 3/4 higher than yesterday's close, December \$1.52. Corn was up 1/4, December \$1.13 1/2. Oats were 1/4 to 1/2 higher, December 62 1/2. Rye was 1/4 lower to 1/2 higher, December \$1.05 1/2. Barley was unchanged, December \$1.01 1/2.

MRS. D. S. CRAIG FUNERAL RITES HELD FRIDAY

Beautiful Tribute Is Paid For Notable Work in Community

Relatives and friends filled the Kiever funeral home to capacity Friday afternoon at 2:30 for the farewell services held for Mrs. David S. Craig.

Rev. George B. Parkin conducted the services, opening with prayer and reading the hymn "A Mighty Fortress Is Our God," and closing with the poem "You Are Not Dead."

Rev. Parkin spoke at length on the unusual activities of Mrs. Craig in the church, various organizations of which she was a member; her devotion to her family and friends, and her many beautiful traits of character that caused her to be loved by all who knew her.

At the beginning of the services Mrs. E. A. Kiever played softly "Lead Kindly Light" and at the close of the services, played "The Lord Is My Shepherd."

The floral tributes were not only in great number but of exceptional beauty. They were cared for by:

Mrs. Judith Robinson, Mrs. Lydia Williams, Mrs. Marguerite Powell, Mrs. Mabel Blessing, Mrs. John MacIver, Mrs. Stanley Paxson, Miss Bess Cleaveland, Miss Edith Gardner, Mrs. Ira Barchet, Miss Amelia Pensyl, Mrs. George Pensyl, Mrs. Doris Dick, Mrs. Harold Craig, Mrs. Robert Craig, Mrs. Walter Craig, Mrs. Clarence Craig, Mrs. Ray Maynard, Mrs. Willard S. Willis, Mrs. Tom Bush, Miss Bernice Duckwall.

Interment was made in the family lot in the Washington C. H. cemetery. The pallbearers were: Ray and A. F. Maynard, Harold and Robert Craig, Maynard and Paul Craig.

In the committal services Rev. Parkin read the epitaph "Warm Summer Sun."

Good Hope Grange wedded its Booster Night celebration with a reception for teachers in the Wayne schools Friday night at a meeting in Wayne Hall.

A permanent memorial for the 80 good Hope boys in service was discussed with the possibility that the memorial might be placed before Wayne Hall.

Frank Grubbs spoke briefly about the relation of the Grange to the town, the school and the community. He read some of his own poems and also presented a reading, "Hoss Sense," which he said President Roosevelt had written him he was carrying with him on his campaign.

Kenneth Craig, superintendent of Good Hope schools, introduced the faculty of the schools as a feature of the program.

Master Dean Britton opened the program by reading a message from A. S. Goss, National Grange Master, on Booster Night. Mrs. Loren Johnson, lecturer, was in charge of the program. She read a poem, "Whence," for her personal contribution. Rev. F. M. Moon gave a reading, "The Grange Needs You—And You Need the Grange." Mrs. Howard Stewart played piano accompaniment for the group singing of "The Star Spangled Banner" and "America the Beautiful."

A covered dish supper was served before the program. The dining room was decorated with vases of fall flowers. A basket of immense dahlias was placed on the piano.

Committee for the evening was the school board members, P-TA officers and Grange officers and their wives or husbands.

OCTOBER BRINGS EMPHASIS FOR CHURCH ACTIVITY

Rally Day, World Communion Are To Be Observed Here Sunday

With October comes new emphasis for activities in the churches here. Rally Days, World Communion Services and special attendance campaigns are slated for next Sunday. At the same time, Sunday School groups will present their programs, graduate their pupils and begin a new series of lesson studies.

Grace Methodist Church and the First Baptist Church are planning Rally Day programs Sunday. The observances will feature songs, poems, memory verses and plays by the younger classes. Attendance contests will emphasize the day in other schools.

Other churches will follow their Rally Day services with World Communion services. The Grace Methodist Church, the First Presbyterian Church and the First Baptist Church and Jeffersonville Methodist Church are among the group.

Two more townships have completed their organization to begin soliciting for the National War Fund, W. W. Montgomery, rural chairman, said today.

Mr. John W. Knisley, Wayne Township chairman, and Percie Kennell, Union Township chairman, announce their workers.

For Wayne Township, Mrs. Cecil Dixon, Mrs. Charles Garlinger, Mrs. Robert Rodgers, Mrs. Verne Wilson, Mrs. Minta Rowland, Mrs. Scott Cardiff and Mrs. R. B. McCoy will solicit.

Union Township workers are Mrs. Hazel Moyer, John N. Brown, ing, Loren Reif, Joseph McFadden, Mrs. Mary Crone, Wert Baughn, Mrs. Charles Pierce, Mrs. Hugh Perrill, Beryl Cavine, Floyd Mitchell, Blanchard Carr, Mrs. Loren Hynes, Warren Hutchison, Harold Kellough, Walter McCoy, Mrs. Willard Perrill and Kennell.

WRIGHT FIELD WILL BE ON SLOW TIME Affects Working Hours of Many Local People

WRIGHT FIELD, Ohio, Sept. 30—The Air Technical Service Command will set its clocks back one hour to Central War Time at 3:00 A. M. next Sunday morning, according to an announcement from command headquarters today. This will affect scores of residents of Fayette County who are employed here.

This time change, which affects many thousands of civilian employees, officers and enlisted men at Wright Field and the Fairfield Air Service Command, puts War Department employees and military personnel on the new time schedule at the same hour selected by Dayton City council with the result that there should be no confusion in connection with local transportation Monday morning, October 2. All civilian and military personnel at the fields have been notified.

Runover heels pull shoes out of shape and cause them to wear out faster.

R. BRUCE TOM IS SPEAKER AT FAYETTE GRANGE

Booster Night Program Draws More Than 100 To Eber School

The "New Three R's—Rationing, Religion and Recreation"—was the theme of the speech R. Bruce Tom, extension specialist in rural sociology from Ohio State University, made before over 100 at the Fayette Grange booster night program in Eber School Friday night.

"Victory is the one aim of all our work and planning," Tom said. He dissected victory into seven component parts, vision, imagination, courage, tolerance, organization, responsibilities shared and youthful enthusiasm.

R. BRUCE TOM

He offered suggestions to the Grange on bettering its rural life program. "I double dare the Grangers to do a better job in community living than you have ever done before," Tom said.

Members of the Grange presented a playlet, "You Said It, Lady," with Muriel Hays, Glen Moore, Glen Griffith, Drexel Hynes, Doris Smith, Nona Moore and Harold Hewitt.

Mrs. Darrell Weinrich, lecturer, was in charge of the program. Other features included a violin solo by Mrs. Doris Diffendall. Miss Jane Fults played the accompaniment for her number, "No Place Like Home."

Other Grangers participated in a drill. They were Mr. and Mrs. Harold Hewitt, Mr. and Mrs. Delbert Hays, Mr. and Mrs. Loren Hynes, Glen Griffith, Mr. and Mrs. A. W. Rummans, Doris Smith, Glen Moore, Mr. Albert Moore and Mr. and Mrs. T. W. Graves.

Miss Joyce Rummans sang "The Lord Is My Shepherd," with accompaniment by Mrs. A. W. Rummans, just before Tom was introduced.

Master Robert Terhune opened the session officially. Mrs. Weinrich read a special Booster Night greeting from National Grange Master Albert S. Goss.

The potluck supper, served in the dining room of the school, was in charge of Mrs. Harold Hewitt, Mrs. Clarence Campbell, Mrs. Delbert Hays, Mrs. Glen Griffith and Mrs. Peter Smeltzer. Bouquets of wild flowers were used as decoration.

Visitors from other Granges came from Selden Grange, University Grange and Madison Good Will Grange. Mr. and Mrs. Nelson J. Padley of Marion, Ill., and Miss Hildreth Willis of Ironton were other guests.

JURIST CITED
XENIA — Ohio Supreme Court Judge Walter B. Wanamaker, Akron, was cited in municipal court for "crashing" a red light following a minor traffic accident.

SPECIAL TRAINING
GREENFIELD — Teachers in the elementary grades of the Greenfield schools are using the first period after lunch each Friday to provide training for pupils in social and ethical guidance.

WETTEST SPOT: CIRCLEVILLE — During August this city was the wettest spot in Ohio in point of rainfall, a total of 8.18 inches being recorded here.

THE OLD HOME TOWN

Mainly About People

Mr. and Mrs. Eldon V. Tool and family moved Friday from 509 S. North Street to 403 N. North Street.

Mrs. Dwight Beatty has accepted a position in the office of Pennington Bros. Inc., and will assume her duties Monday.

Mr. and Mrs. J. R. Brammer have moved from Cincinnati to 903 Washington Avenue. Mr. Brammer is the new football coach at Washington High School.

Mr. and Mrs. Ancil Kirkpatrick of New Holland (nee Mary Rudduck of this city) announce the birth of a son, late Friday evening, in White Cross Hospital, Columbus.

Mr. W. L. Peterson left by plane from Dayton, Thursday, for Hickman Field, Hawaii, where he has been transferred from Patterson Field. Peterson, employed by the government, will be in Hawaii for the duration and six months.

Mr. Frank DeWitt has sold his home on Washington Avenue, where he has lived for 41 years, to Charles Schreiner of near Good Hope. Plans of Mr. and Mrs. DeWitt are uncertain beyond locating in a smaller house or apartment. The Schreiners are expected to move into their new home in the near future.

In addition to those reported previously, the following were from out-of-town for the funeral of Mrs. David S. Craig, Sr., Friday: Mr. and Mrs. Robert Maynard, Muncie, Ind.; Mr. and Mrs. D. H. Armstrong, Columbus; Mr. and Mrs. Joseph Harter, Columbus; Mr. and Mrs. Bonney Stevens, Cincinnati; Misses Clara and Louise Mark, Westerville.

MARY ROBINSON BACK FROM CONFERENCE

Week-long Red Cross Meet Was at Columbus Hotel

Miss Mary D. Robinson, secretary of home service of the Red Cross chapter here, Saturday is at home after attending a week-long Red Cross conference at the Fort Hayes Hotel in Columbus.

All departments of the Red Cross were represented at the state-wide conference at which nearly 1,000 were present. National Red Cross officers and military and naval authorities were among the speakers at the conference.

Miss Robinson said plans were made for continued service to men in and out of the armed forces and an outline for postwar work was drawn up also.

WETTEST SPOT: CIRCLEVILLE — During August this city was the wettest spot in Ohio in point of rainfall, a total of 8.18 inches being recorded here.

USO SPEAKER WILL ARRIVE HERE SUNDAY

Miss Eleanor Wilson Will Talk To API Workers on Three Shifts Monday

Miss Eleanor Wilson, just returned from a USO tour overseas, will arrive here Sunday. She is scheduled to speak to API workers on all three shifts Monday.

Miss Eleanor Wilson

Blonde, blue-eyed Ruth Adams, 17 year old daughter of Mr. and Mrs. Gilbert Adams, 429 East Paint Street, will hold the spotlight at the Greenfield-Blue Lions game next Friday night, for Ruth today wears the homecoming queen's crown.

She was elected by WHS students Friday afternoon. A senior, Ruth is president of the senior Girl Reserves and a member of the National Honor Society. With the marching band, she acts as color guard. Other times she plays a clarinet.

Ruth is taking an academic course and plans to enter college next fall—it might be Muskingum, she believes now.

Her attendants, also elected Friday are: Connie Pyle, junior; Jo Ann Arnold, sophomore; Carolyn DeHeart, freshman; Marie Riber, eighth grade and Patty Eckle, seventh grade.

OHIO REAL ESTATE MEETING ON MONDAY

Real estate dealers from this city will be among those from throughout Ohio who plan to attend the three day Ohio Realtor's War Conference at the Deshler-Wallick Hotel, starting Monday, and sponsored by the Ohio Real Estate Association.

"Because of war-time restrictions and our desire to cooperate with the general war effort, the meeting will be limited in its entertainment features and will be streamlined into a strict 'War Conference' with principal interest centered on business and its problems arising out of war-time conditions," Richard H. Frey, Executive Secretary of the Ohio Real Estate Association announced.

FAYETTE COUNTY BOYS IN SERVICE

Mrs. Mary Peters, 530 Third Street, has received the first word from her husband, Pvt. William Herbert Peters, since July 3, telling her he is "somewhere" in France. He wrote "things are moving fast here."

Charles A. Rhoads, seaman first class, son of Mr. and Mrs. A. L. Rhoads of this city, has been transferred from Gulfport, Miss., to the U. S. Naval Hospital, San Diego, Calif.

He also has been transferred from the school of radar, to the medical corps.

WELTY IS NAMED TO POLICE FORCE

Harmon H. Welty, 935 Lakeview Avenue, has been appointed a member of the Washington C. H. police force, and will begin work Sunday.

The appointment was made by City Manager W. L. Stambaugh to fill a vacancy on the force since the resignation of Lewis Merritt, who left this city and is a member of the Chillicothe police force.
